

THE ADELAIDE
PRIMROSE HILL

Summer 2012

Situated just a 5 minute walk from both Chalk Farm and Primrose Hill, The Adelaide's trendy location mirrors it's general ambience and the venue is easily accessible by all means of transportation. What used to be a favourite drinking spot among locals has now been transformed into a gorgeous private hire venue. Split over two floors, The Adelaide boasts two distinct spaces available to hire separately or combined; The Ground Floor Bar & Garden, and the Upstairs Function Room.

Both spaces comprise of private entrances, separate toilets, fully stocked bars and music systems. Everything you need for the perfect gathering, however large or small.

The Adelaide Bar and Garden is the perfect place to host this year's Summer event. The Adelaide has one of the largest enclosed gardens in London and unlike others is available for private hire.

Guests can spend the early evening unwinding in our leafy sanctuary with a glass of Pimms and enjoy a delicious gourmet BBQ with a superior selection of meats, salads and home baked breads served in a relaxed outdoor setting.

Giant games are available and if the weather turns bad – there is space inside for all as a wet weather option...

The Upstairs Function Room is a lovely modern space perfect for dancing the night away; when our resident DJ kicks off the party, guests can make their way upstairs where they can carry on the festivities and enjoy our unlimited drinks packages.
